**DO NOT CROSS**

The Mayor of London doesn't relish *every* part of the job.  
Sometimes disasters happen. Terrorist attacks, even.

In such situations,  
what would you like to hear from your Mayor?

Bold words of calming reassurance?

Tough talk and a skilful emergency response?

**POLICE LINE**

**DO NOT CROSS**

**“Cripes!”**

**There are some lines we shouldn't cross.**

*'Boris can't look after his **bike** properly –  
how's he going to look after London?'*
